

Message from the President of Le Groupe P. F. Brisson Peinture inc. and de Brisson Painting (Ottawa) inc.

Dear friends, customers, colleagues and collaborators,

2009 is a BIG year for me! I am proud to celebrate my 25th anniversary in the painting business.

Please accept my sincere thanks for all the support and trust you have provided during all those years. Your energy, your collaboration, your words of encouragement have given me wings and today, together, we continue to grow...

A special thanks to my wonderful team with whom I have the pleasure to realize my objectives and visions.

This is also a great occasion to introduce to you our specialised services in Approved Applicator:

- Nullifire : intumescent coating for the fire and blast protection of structural steel
- Sika: epoxy flooring

You are invited to visit our web site at www.brissonpeinture.com

Looking forward to working together another 25 years!

Pierre Brisson

Congratulations to the Le Groupe P.F. Brisson Peinture team.
